The MI-Chapter of ASIS&T proudly presents

An Open Forum with
Eugene Garfield

Past-President of ASIS&T

ASIS&T:
Where we are,
Where we are going.

Thursday, May 24, 2001
6:00 PM

Eugene Garfield is Chairman Emeritus of the Institute for Scientific Information.® He is the inventor of Current Contents®, Index Chemicus®, Science Citation Index®, Social Sciences Citation Index® and Arts & Humanities Citation Index®, all now available via the Internet. Since 1986 he has been publisher of *The Scientist*®, a biweekly newspaper free on the web back to 1990 (www.thescientist.com). He is on the editorial boards of *Scientometrics* and the *Journal of Information Science*. All of his books and papers are on the web at www.eugenegarfield.org and open for discussion.

American Society for Information
Science and Technology
asis&t
